

# The Big Brent Health Debate

**A meeting of the Health Partners Forum  
Wednesday 7 October 2015, 6.00pm–8.30pm**

Brent CCG's vision is to improve the quality of care for individuals, carers and families by empowering and supporting people to maintain independence and active lives.

- How do you want NHS services to be delivered in Brent?
- What services matter most to you?
- Is there anything you would change if you could?

Come and find out more about our draft commissioning intentions for 2016/17 and our key priorities for next year at the Health Partners Forum.

It is your opportunity to have your say on helping to shape the healthcare priorities for the year ahead. Your opinions will help GPs decide what services work well, what doesn't work so well and where we need to make improvements to healthcare services in Brent.
